Level 37.6 is a sub-level between [Level 37](#) and [Level 38](#).

Description

💧 *Pool Dreams* 💧

As you enter the purple

gate, you notice that...

Level 37.6 appears to be similar to **Level 37**, but the water is only one foot deep.

And instead of the walls being made out of ceramic, they are made out of concrete that is of great quality. This level does not have large rooms like **The Poolrooms**; instead it is made out of an infinite series of hallways, made out of arches decorated with

expansive tropical plants. The floor looks exactly the same as **Level 37**. Sometimes, though, large rooms can be found that resemble wedding rooms.

This level smells like fine wine and cake. The water in this level has a different temperature for everyone, as it's the wanderer's favorite water temperature.

◆ *The Light* ◆

And as you walk through the hallways,

you notice that... The

Light is another location within this level. The room in which the light is located is similar to the rest of the level, but instead of being a hallway the room is much more open and has a small balcony above a dense white fog known as "The Light."

If someone jumps in the light, they will be in total relaxation for about an hour, and then they will be teleported to where they

first spawned in the level.

◆ *The Faraway Lands* ◆

Why? The Faraway Lands appear to be similar to **Level 37**, but there is absolutely no water. The walls and floor are completely made out of marble. The strangest thing about this part of the level is its silence. Another strange part is the fact that miniature versions of the sun and rainbows can be seen, but they can not be interacted with—they can only be seen.

Sometimes, pools can be found but instead of water, they will have the sky and clouds. Jumping into them will lead to **The Frontrooms**, but the only problem is that the wanderer will be falling from the sky. Any object that can help the

Beautiful isn't it?

You can see the light...

wanderer survive the fall
will vanish, leaving the
wanderer to die.
